Criterion ID	Source	Classification	LQA standard	Function	System demonstration	Evidence needed to mark	LQA mark	Reviewer notes
DRINKS-01	Drinks Service #1 (B7)	EFFICIENCY	Was the guest greeted or acknowledged within 1 minute upon entering the bar/lounge?	Display	Show a guest-arrival cue so staff can acknowledge the guest promptly.	Entry timestamp and observed greeting/audio are needed to verify the one-minute interval.	_____ MET / BELOW / N/A	_____
DRINKS-02	Drinks Service #2 (B8)	EFFICIENCY	Did the employee offer to take the drinks order within 3 minutes of seating?	Process	Compare seating and offer times; surface an order-taking cue when needed.	Seating and offer timestamps plus complete service coverage are needed to verify the three-minute interval.	_____ MET / BELOW / N/A	_____
DRINKS-03	Drinks Service #3 (B9)	SERVICE	Did the employee show excellent product knowledge when taking the order and promote local/signature drinks, where applicable?	Process	Check the staff recommendation against current, approved beverage facts.	Current approved beverage menu and recorded staff response are needed to assess product knowledge.	_____ MET / BELOW / N/A	_____

Project-selected subset. Static preview; use the XLSX for dropdown marking.

Criterion ID	Source	Classification	LQA standard	Function	System demonstration	Evidence needed to mark	LQA mark	Reviewer notes
DRINKS-05	Drinks Service #5 (B11)	SERVICE	Was the employee able to accommodate any reasonable off menu requests, or custom drink orders?	Capture	Capture the custom request and staff response as structured interaction data.	Guest request, staff response, and service/order outcome are needed to confirm accommodation.	_____ MET / BELOW / N/A	_____
DRINKS-06	Drinks Service #6 (B12)	SALES OPPORTUNITY	Did the employee offer a choice of brand/variety when taking the drink order if there was an opportunity to do so?	Display	Display available brands or varieties and capture the guest's selection.	Available menu choices and complete order-taking dialogue are needed to confirm the opportunity and offer.	_____ MET / BELOW / N/A	_____
RESTAURANT-20	Restaurant #20 (B28)	SERVICE	Was the employee able to answer any questions with regard to the menu, its ingredients and allergies, where applicable?	Capture	Capture the ingredient/allergy question and route the response for comparison with approved data.	Current approved menu, ingredient, and allergen source plus the staff response are needed; do not infer safety from reassurance.	_____ MET / BELOW / N/A	_____

Criterion ID	Source	Classification	LQA standard	Function	System demonstration	Evidence needed to mark	LQA mark	Reviewer notes
RESTAURANT-22	Restaurant #22 (B30)	EFFICIENCY	Did the employee obtain a full and complete order (i.e. cooking instructions, accompaniments etc.)?	Capture	Structure spoken items, cooking instructions, accompaniments, and read-back.	Complete dialogue and final order/POS record are needed to confirm the order was complete and correct.	_____ MET / BELOW / N/A	_____
RESTAURANT-23	Restaurant #23 (B31)	SERVICE	If special dietary requirements were provided at any point during the stay, were they discreetly re-confirmed?	Capture	Capture the discreet reconfirmation and link it to an authorized prior dietary record.	Authorized prior dietary record plus current interaction/audio are needed; a new disclosure does not prove prior disclosure.	_____ MET / BELOW / N/A	_____
DRINKS-29	Drinks Service #29 (B37)	EI BEHAVIORAL	CLARITY - Was the employee’s speech clear and use of English satisfactory, enabling engagement in two-way conversation with the guest?	Process	Assess speech audio clarity and transcription confidence.	Raw audio and human review are needed; transcript text alone cannot establish speech clarity.	_____ MET / BELOW / N/A	_____

F&B LQA | 15 selected standards

Project-selected subset. Static preview; use the XLSX for dropdown marking.

Criterion ID	Source	Classification	LQA standard	Function	System demonstration	Evidence needed to mark	LQA mark	Reviewer notes
DRINKS-30	Drinks Service #30 (B38)	EI BEHAVIORAL	ENGAGEMENT - Did the employees engage in a well-paced, natural (non-scripted, jargon/slang free), friendly and interested manner?	Process	Assess conversational pace, tone, and natural engagement.	Raw audio and human calibration are needed; polite words alone do not establish pace or tone.	_____ MET / BELOW / N/A	_____
DRINKS-31	Drinks Service #31 (B39)	EI BEHAVIORAL	GUEST'S NAME - Did the employee use the guest's name naturally and discreetly without overusing it?	Display	Show the confirmed preferred name as a discreet staff cue.	Confirmed guest match and complete interaction/audio are needed to judge natural, discreet use without overuse.	_____ MET / BELOW / N/A	_____
DRINKS-35	Drinks Service #35 (B43)	EI BEHAVIORAL	EFFORT - Did the employee make every effort to meet the guest's requests or offer a suitable alternative?	Process	Assess the staff response for effort or a suitable alternative.	Guest request and staff response are needed; check the service outcome when fulfillment is claimed.	_____ MET / BELOW / N/A	_____

DRINKS-36	Drinks Service #36 (B44)	EI BEHAVIORAL	PERSONALIZATION - Did an employee personalize the interaction in any way and engage the guest as an individual?	Display	Show a confirmed preference so staff can tailor the interaction.	Authorized profile or exact guest statement plus staff response are needed to evidence personalization.	_____ MET / BELOW / N/A	_____
DRINKS-38	Drinks Service #38 (B46)	EI BEHAVIORAL	ACTIVE LISTENING - Did the employee actively listen, seek clarity if required, avoid interrupting and give the guest their undivided attention (i.e. the guest should not have to repeat the request)?	Capture	Capture speaker turns and possible clarification or repetition signals.	Complete speaker-labelled audio is needed to assess interruptions, overlap, attention, and repeated requests.	_____ MET / BELOW / N/A	_____
DRINKS-40	Drinks Service #40 (B48)	EI BEHAVIORAL	EMPATHY - Where applicable, did the employee display self-control and empathy in challenging interactions and offer a suitable alternative/resolution?	Process	Assess the staff response, suitable alternative, and resolution in a challenging interaction.	Guest concern, staff response, audio/human review, and outcome are needed where relevant.	_____ MET / BELOW / N/A	_____
